

Rona Emre Altug

647-919-2172

altugronaemre@gmail.com
North York, Ontario, M2J 4X5

PROFESSIONAL SUMMARY

- Experienced in **developing and designing web applications** using **React.js**, **CSS**, **JavaScript**, and **PHP**.
- Skilled in **frontend development**, **web services**, and **database management**, with a strong focus on building and deploying complex solutions.

WORK EXPERIENCE

Full Stack Developer

Apr 2022 - Present

DigiShifter • Istanbul, Turkey

- Collaborated within a team of four at a dynamic start-up, contributing to the development of **Manufacturing Execution System (MES)** and **Enterprise Resource Planning (ERP)** projects.
- Played an active role in designing and implementing projects from scratch, leveraging technologies such as **React.js**, **MS SQL**, and **PHP**.
- Gained hands-on experience in full-cycle development, actively exploring and applying innovative coding approaches to solve complex challenges.

Junior Software Developer

Dec 2021 - Jan 2022

Wunder Innovation Studio • Istanbul, Turkey

- Developed **responsive single-page applications (SPA)** using **React.js**, ensuring optimal performance and user experience across devices.

Intern Software Developer

Mar 2021 - Dec 2021

Fabriqa Inovasyon A.Ş • Istanbul, Turkey

- Contributed to projects utilizing **React** for front-end development and **Golang** for back-end services.
- Operated in a **Linux** environment to ensure seamless development and deployment.
- Implemented enhancements following **CI/CD principles**, ensuring efficient and reliable software delivery pipelines.
- Worked within a **microservices architecture**, fostering scalability and modularity in application design.
- Practiced **Test-Driven Development (TDD)** to maintain high code quality and reliability.
- Acquired foundational knowledge of **Docker** and **Kubernetes**, enabling containerization and orchestration of applications.

EDUCATION

Artificial intelligence (College/CEGEP)

Centennial College • Toronto, Ontario

2025 - Mar 2026

- Commencing in January 2025, this program focuses on developing expertise in **AI technologies** and **software engineering** principles, scheduled for completion in April 2026.

The Cultural Heritage of Hungary Summer School

Pécs Summer School • Istanbul, Turkey

Jun 2021 - Jul 2021

- Participated in an **online summer school** organized by a university in Hungary, focused on the promotion and understanding of diverse cultures.
- Represented **my university and country** in this global event, attended by students from around the world.

Computer software engineering (Bachelor's degree)

Istanbul Aydin University • Istanbul, Turkey

Aug 2017 - May 2022

- Graduated in June 2022 with a **3.3 GPA**, gaining comprehensive knowledge in **software engineering principles** and practical application development.

SKILLS

- **Frontend:** React.js, React Native, HTML, CSS, JavaScript
- **Backend:** PHP, Golang, Java
- **Databases:** MS SQL, MySQL, MongoDB
- **Tools & Platforms:** Git, Linux

VOLUNTEER WORK

Member

IAU CEVSUR • Istanbul, Turkey

Jan 2019 - Jan 2020

- Actively participated in environmental preservation initiatives, collaborating with a community dedicated to safeguarding natural surroundings and promoting sustainability.

co-founder

IAU Information and Technology Club • Istanbul, Turkey

Sep 2018 - Jun 2022

- Active member of a prominent organization focused on advancing **information and technology**.
- Engaged in workshops, seminars, and hackathons, contributing to the growth of skills in **software development, data analysis, cybersecurity, and emerging technologies**.
- Collaborated with like-minded individuals to foster a culture of innovation and continuous learning.

Member

Istanbul Uni Kartallar • Istanbul, Turkey

Sep 2017 - Jun 2022

- Active member of the university organization affiliated with **Beşiktaş Football Club**, connecting with fellow fans and contributing to the vibrant football culture within the university community.

Subject: Cover Letter

Dear Sir/Madam

With this letter I would like to express my sincere enthusiasm for frontend development in your company. I have a keen interest in the frontend side and have endeavoured to develop and apply my knowledge of React as much as possible. I am currently working as a Full Stack Web developer in the company I am working for, using technologies such as React JS and PHP.

As I saw in the job posting, your company also works with many other technologies than the ones I currently use. I would like to emphasise that I am always open to learning new things and applying them practically. I am applying for this position in your company because I have a great interest in working in the front-end area and deepening my knowledge in the process.

I am convinced that my previous experience and skills could be a valuable addition to your team. I greatly appreciate the innovation and diversity in your company and am excited about the opportunity to contribute.

Thank you in advance for your consideration of my application. I look forward to learning more about your vision and projects and how I can contribute. Please feel free to contact me for further information or a personal interview.

Kind regards

Rona Emre Altug
